

**Lab#3 Design Placement Dashboard page using HTML and CSS.**

| TAGS<br>USED | ATTRIBUTES<br>USED | DESCRIPTION                                                                           |
|--------------|--------------------|---------------------------------------------------------------------------------------|
| <html>       | lang               | Defines the root of the HTML document and specifies the language.                     |
| <head>       | —                  | Contains information about the webpage such as title and CSS link.                    |
| <meta>       | charset            | Specifies the character encoding of the webpage.                                      |
| <meta>       | name, content      | Defines viewport settings for proper display on different screen sizes.               |
| <title>      | —                  | Defines the title displayed on the browser tab.                                       |
| <link>       | rel, href          | Connects the external CSS file with the HTML page.                                    |
| <body>       | —                  | Contains all the visible content of the webpage.                                      |
| <aside>      | class              | Creates the sidebar containing the navigation menu.                                   |
| <h2>         | class              | Displays the Musafir Café name in the sidebar.                                        |
| <nav>        | —                  | Contains the navigation links of the dashboard.                                       |
| <p>          | class              | Displays menu section headings such as MAIN MENU and SYSTEM.                          |
| <a>          | href, class        | Creates links for navigating between different dashboard pages.                       |
| <main>       | class              | Contains the main content of the Placement Dashboard.                                 |
| <header>     | class              | Creates the top section containing the page title and administrator information.      |
| <div>        | class              | Creates containers for different sections, cards, statistics and dashboard elements.  |
| <span>       | class              | Displays small text or status information inside other elements.                      |
| <h1>         | class              | Displays the main heading of the Placement Dashboard.                                 |
| <h3>         | class              | Displays headings for different dashboard sections.                                   |
| <section>    | class              | Groups related content such as welcome message, statistics and placement information. |
| <strong>     | —                  | Gives important text a stronger emphasis.                                             |
| <table>      | —                  | Creates the table for displaying recent placement details.                            |
| <thead>      | —                  | Defines the heading section of the table.                                             |
| <tbody>      | —                  | Contains the main data rows of the table.                                             |
| <tr>         | —                  | Creates a row in the table.                                                           |

| TAGS USED | ATTRIBUTES USED | DESCRIPTION                                                   |
|-----------|-----------------|---------------------------------------------------------------|
| <th>      | —               | Defines a heading cell in the table.                          |
| <td>      | class           | Defines a data cell in the table.                             |
| <footer>  | —               | Displays the copyright information at the bottom of the page. |
